VIEW_ALCOHOL_SYMPTOMS

DISCRIPTION

-
- Lifetime presence of ALF01-ALF2 from AH questionnaire
 - ALB01 = 2 (drink)
 - All phases per visit for a subject are collapsed.
i. e. if subject endorses a symptoms (yes) in one or more phases,
the result of the view is a "1" = Yes for the symptoms; if a
subject makes no endorsement for a symptom in any phase, the result
of the view indicates a "0" = No for the symptom.
